Subject: Lynn Roth, BIO

Lynn Roth, CPES

Director of Forensics, ADR Computer Forensics

Prior to joining ADR, Lynn Roth worked for Protiviti / PG Lewis & Associates as a Computer Forensic Examiner/Evidence Custodian for acquisition and forensic examinations for a variety of high-profile and confidential clients as well as responsibility for handling all incoming and outgoing evidence. Roth's responsibilities span from hands-on examination and analysis of computer data to the day to day management of the evidence and the enforcement of policies and procedures. Mrs. Roth has over five years of forensic experience along with a degree in the study of Computer Forensics. She has been instrumental in developing data forensic strategies and methods, including overseeing facility design to the development of policies and procedures. Mrs. Roth is IAPE (International Association of Property and Evidence) and CPES (Certified Property and Evidence Specialist) certified.
